

REQUEST FOR WISCONSIN CAREGIVER PROGRAM VIDEO CASSETTE(S) AND GUIDE(S)

The The Wisconsin Caregiver Program: *A Blueprint for Quality Care* video is an effective training tool for all staff working in health care facilities regulated by the Bureau of Quality Assurance. Facilities are responsible for training staff about the Caregiver Program to understand their role in reporting incidents of caregiver misconduct. The video defines caregiver misconduct and provides case examples of: abuse of a client, neglect of a client and misappropriation of a client's property. The video includes prompts to stop the tape for discussion and review of procedures and protocol. One video guide is included with each video cassette. Caregivers can use the guide to follow along with the video and may be kept for future reference.

Prices are effective 8-1-00 and are subject to change.
